Cornelius Van H. Engert, Esq.

ATOTHR

Dear Mr. Engert:

Just before leaving Washington on Saturday for about two weeks, Mr. Dulles asked me to respond further to your letter of September 28.

He commented that it is with a good deal of regret that he has learned that you have decided to give up your position next January with the American Friends [redacted] as he feels that this may present a few problems. Mr. Dulles also expressed his great regret that he has to be away right at the present time as he is particularly interested in your views, but he has asked some of the interested people here to study the problems involved and to be in touch with you at a later date.

Sincerely,

SIGNED
